Golden Wedding.

Mr. and Mrs. Thomas L. Mudd celebrated their "Golden Wedding" at their home on S. E. Walker Street, Monday, Feb. 10.

The celebration began by the happy couple going to the church and once more joined hands before the altar and receiving the blessings of the good Father Gross. There Mass was said for them.

Thos. L. Mudd was born in Kentucky Dec. 9, 1830 and came to this country as a pioneer. His wife Martha A. E. Roebey was born in Kentucky June 9, 1833.

This couple was married in Lincoln county Feb. 10, 1852 and spent one year of their married life in Lincoln county, 36 in Pike and 13 in Montgomery.

Eight children blessed this union six of whom are living. All were present except William of Kansas City who was unable to attend; the other children are Samuel of Pike, Mrs. Kelsick of St. Charles, Mrs. Boles, Leo and Miss Imelda of this city.

A sumptuous dinner was enjoyed by the children and the grandchildren of the happy couple and they received many presents in gold as tokens of love and affection from their children. There were 17 grand-children present who helped to make this day even happier than when 50 years ago this happy couple began life in earnest. May they live to enjoy the blessings of health and this happy union for many years to come. The presents were as follows:

Set of gold table spoons and tooth-pick holder from Samuel Mudd and family; 2 gold cups from Mr. and Mrs. Boles; gold sugar shell from Leo Mudd, gold berry spoon from Mr. and Mrs. Kelsick and two pair of prayer beads from Mr. and Mrs. William Mudd. L. G.

J. P. Metzler went down to the house and took the picture of the whole family. It is not necessary to state that he made it a point to be there about dinner time. K.

The Farmers' Friend.

No. 6 per rod 25 cts. Breaking strain 6520 pounds.

The above illustrates my famous coiled spring diamond mesh fence, the wire used in this fence is the best galvanized steel, this is my regular hog fence. Two or three strands of barbed wire will make both a horse and cattle fence. It is the only fence that can be successfully stretched over hills and hollows. It is what hundreds of farmers have been looking for, a first class fence at a very low cost. I would advise you, if you want the best fence on earth, to buy the Farmers' Friend. It is the easiest fence on the market to erect. Manufactured in 20 rod rolls, stretchers go with 80 rods or more. For sale by
